By Associated Press.

ST. LOUIS, Sept. 22.—The bodies of 850 dead from Wednesday's explosion which destroyed the Badische Anilin and Soda Fabrik's great chemical plant at Oppau continued today at approximately 1,500. The number of persons actually found to have been injured exceeds the first estimate by a wide margin.

Already 2,500 persons have received treatment from burns sustained through the effects of the explosion. Bodies of the dead to the number of 850 had been recovered this forenoon. The French and German authorities in the district were continuing the rescue work today in the closest collaboration. A German hospital train has arrived at Frankfurt and a French train at Treves with injured from the scene of the disaster. An investigation of the disaster has been ordered by the authorities but those who visited the ruins declare there is little upon which a finding can be based.

AMSTERDAM, Sept. 22.—The total damage from the explosion in the Badische Anilin company's chemical plant at Oppau yesterday is estimated at 150,000,000 marks, according to Berlin advices received here today.

**OVATION FOR WOODSIDE****Foreign War Veterans Cheer Com-  
mander at Convention.**

By Associated Press.

DETROIT, Sept. 22.—Captain Robert G. Woodside of Pittsburgh, commander-in-chief of the Veterans of Foreign Wars, was tendered an ovation lasting 10 minutes Tuesday afternoon when he opened the first business session of the veterans' convention being held here. Despite Captain Woodside's efforts to restrain enthusiasm, he was unable to do so and it was only after the delegates had shouted themselves hoarse that the convention finally got down to business.

"The bonus is not dead," is the word given by Captain Woodside to the service men of the country through the representatives in the convention. "The service men of the country will wish the matter of compensation through their representatives and I am sure we shall be able to win what the men who served their country."

**REORGANIZE HIGH SCHOOL****Quarter Quarters at Alverton Made  
Possible by Shifting Grades.**

ALVERTON, Sept. 22.—Seeds for the reorganization of the Alverton schools are to be sown in the Sunday school room of the Church of God beginning next week. The school building Saturday and new equipment for use of the high school, installed. The high school will be organized for the opening of the second month.

A meeting of the school board will be held Friday to elect another teacher.

On Monday evening at 7:30 o'clock the monthly meeting of the trustees of West Huntington township will be held at the high school building. Part of the evening will be given over to instruction by P. O. Peterson, supervisor of Pennsylvania, the remainder to a conference presided over by Supervisor Peterson, D. P. Davis.

**SNYDER DEFEATS BEACON****Unofficial Returns Show Lead of 200  
to 300 in Judgeship Fight.**

GREENSBURG, Sept. 22.—The nomination of former Judge David J. Snyder for judge of the Orphan's court on the Republican ticket over Judge James S. Beacon was conceded this afternoon by the Beacon forces. The victory for Snyder was made practically certain last evening when, with unofficial returns from 125 precincts, his lead over Judge James S. Beacon was estimated to be between 200 and 300.

With five districts—North Washington, Oakton, Cross Roads, Worthington, and Martinsburg—winning the Snyder forces gave the vote as follows: Snyder, 15,770; Beacon, 15,448; Snyder over Beacon, 321.

With four districts missing the Beacon forces have the lead as follows: Snyder, 15,535; Beacon, 15,322; Snyder over Beacon, 203.

**Hommes "Wrecking Crew"  
Travels to State Legion  
Convention in Box Car****Is First Trip of Kind by Former  
Soldiers Since Return  
From France.**

By Associated Press.

Members of the local venture of 40 Hommes at 8 Chevaux, Legion auxiliary, went to the State Legion convention at Columbus, Ohio, this afternoon in a box car. For the first time since the days in France, the former soldiers traveled in box cars, and this time it is of their own choosing. The "wrecking crew" of the society will put on an initiation before the state convention of the American Legion being held in the city.

The regularly appointed delegates and attorneys of Milton L. Bishop post left early this morning to attend the opening session. The activities of the Hommes society not taking place until later, the departure of the Coker representatives was delayed until this afternoon.

When it was determined the "wrecking crew" of the local venture would put on the initiation at the convention, the members of the society immediately determined to go the Smoky City in true "hommes" style.

A box car was secured through the Baltimore & Ohio railroad, and a delegation signed up to make the trip in it.

The former service men having their own car, however, took pains to put it in better shape than any which they occupied while traveling in France. A force of negroes was on the job early this morning sweeping and cleaning the "quarters."

The homages left at 2 o'clock, the car being attached to the regular Pittsburgh train. Signs of all kinds were tacked to it.

The delegates, representing Milton Bishop post are Max Piro, Dana Wright and L. J. Moore. T. W. Scott, Herbert Duggan and Fred Reid, alternates, also attended the sessions. Commander Charles McCormick accompanied the others.

**Police Work On  
Three Angles In  
Triple Murder**

By Associated Press.

DOWAGIAC, Mich., Sept. 22.—Cases county authorities were working from three angles today in an effort to solve the mystery surrounding the murder in their home here of William Monroe, his wife and 17-year-old daughter, known as the "Dowagiac triple murder," who were slain to death with a nail studded club.

At the corner's inquest, resumed today, physicians who yesterday examined the bodies of the two women were to testify. The testimony was expected to reveal whether the two had been attacked before they were slain. One man was held in the county jail at Cassopolis for investigation. He was formerly a neighbor of the Monroe family. It is said to have quarreled with them two years ago when his poultry invaded the Monroe garden. He was questioned all night by the authorities, but insisted he knew nothing of the crime.

The third angle in the case extended to Detroit where a man whose life is said to have been threatened by Monroe, is sought. This man, the authorities learned, formerly resided here but was ordered by Monroe to leave a rear ago when he paid attention to him. The man is said to have been in the city last Saturday night, the time the murders are believed to have taken place.

**REGIONAL BOARD  
TO ADJUST E. & O.  
RAILROAD DISPUTES****New York Central Lines Included in  
Plan for Settlement of  
Grievances.**

BALTIMORE, Sept. 22.—For arbitrating disputes growing out of personal grievances of from the interpretation of the application of existing working schedules, an agreement has been reached between representatives of the Baltimore & Ohio Railroad company and the New York Central Lines and representatives of engineers, firemen, conductors and trainmen employed by these two companies, creating a so-called regional board technically named the "Train Service Board of Adjustment." Details of the plan were given out at the executive offices of the Baltimore & Ohio here today.

The board will consist of eight members, four to represent the two railroad systems and four chosen by the chief executive officers of the four train service organizations.

The agreement provides that when disputes arise from personal grievances or from interpretation of schedules, the settlement of which by the usual method of direct reference had failed, the case shall pass up by the new regional board. Where decisions will be final and binding on both the railroads' management and train service employees. It will not come within the province of this board, however, to hear any disputes arising from proposed changes in rules, working conditions or rates of pay, such matters being handled by the Railroad Labor Board.

The reunion of the board grew out of a conference at New York recently between the chief operating officials of the two roads and the heads of the four big train service brotherhoods.

**Returns Not  
Complete for  
Poor Director****Incomplete and unofficial returns  
last evening showed a close  
fight in the poor director and  
jury commissioner races.**

With 82 of the 106 precincts reported, Rankin and Costello were leading for the two nominees on the Republican ticket for poor director, while James Mitchell, Republican, was leading for jury commissioner. The official canvass, which starts Friday noon, will be necessary to determine the winners.

On the Democratic ticket for poor director, Mitchell and Costello were certain of the two places on the ticket, running 2 to 1 over Chambers, the only other candidate. For jury commissioner Crossland is running 350 votes over Matthews and the rest of the ballot is in doubt.

Rankin, Republican, so far has polled 5,035 votes and is certain of his place on the ticket. Costello is leading with 2,543, while Parkhill has 3,184 and Davidson 2,295. The other two candidates, Newell and Layton, are out with less than 1,000 votes.

The following are the totals for the 82 precincts reported:

Poor Director, Republican.	
Rankin	3,035
Costello	2,543
Parkhill	3,184
Davidson	2,295

**ROSCOE ARBUCKLE'S  
PRELIMINARY TRIAL  
ATTRACTS ATTENTION****Police Judge Will Determine Degree  
of Crime For Which Pitta Star  
Will Be Tried.**

By Associated Press.

SAN FRANCISCO, Sept. 22.—The preliminary hearing of "Roscoe" Arbuckle on a charge of murder in connection with the death of Miss Virginia Rapp, before Police Judge Lazarus, occupied the attention of all connected with the case today. Men were excluded from the hearing under an order issued last week, the authorities ruling that as Judge Lazarus' court is a woman's court, no men except witnesses, court officers and newspaper reporters should be admitted.

The prosecution will endeavor to prove at the hearing, District Attorney Brady has announced, the contention that Arbuckle attacked Miss Rapp at a party of 200 persons on September 5 and caused injuries which resulted in her death four days later. The complaint charging murder and under which Arbuckle has been held in jail without bail was sworn to by Mrs. E. M. Delmont, friend of Miss Rapp, and one of those who attended the film comedian's party.

Brady said he believed the preliminary hearing would occupy at least three days.

The prosecution will take a little over a day to put in its testimony and I expect the defense to take about as long.

The preliminary hearing will be held on a charge of murder but it is in the discretion of Judge Lazarus to fix the degree of the crime he believes Arbuckle guilty of under the evidence.

NEW YORK, Sept. 22.—L. Sherman, motion picture actor questioned today by District Attorney Swann at the request of District Attorney Brady of San Francisco expressed willingness to return to San Francisco when needed for the trial of Roscoe Arbuckle.

Sherman, located in his New York apartments after eluding detectives who caught him on a train yesterday, came to the district attorney's office today with a detective.

LOS ANGELES, Cal., Sept. 22.—All West National bill exchanges were ordered today to withdraw all bills from circulation in which appear Virginia Rapp, the actress for whose death Roscoe Arbuckle is held at San Francisco on a charge of murder. It was announced today. Thirty-two new exhibitors are represented in the action.

**STATE LEGION  
HOSTS GATHER  
IN PITTSBURGH****Third Annual Convention  
Opens, With Hundreds of  
Delegates Attending.****SEC. DAVIS A SPEAKER**

By Associated Press.

PITTSBURGH, Sept. 22.—The third annual convention of the Department of Pennsylvania, The American Legion, got under way here today. Every post in the state was represented at the opening day's sessions and it was said by officers of the department that before the close of the meeting Saturday thousands of Legionnaires will be in the city.

The program for today included addresses of welcome by John S. Herndon, president of the Pittsburgh city council; John A. Patman, a veteran of the Civil War, and Major W. H. Davis of the United States-Spanish War veterans. Other addresses were to be made by James J. Davis, secretary of labor, and John G. Emery, national commander of the Legion, State Commander David J. Davis also was on the program.

An important feature of the morning was the formation of the Women's auxiliary. A number of posts already have auxiliaries and the purpose of the meeting was to weld them into a state body.

An afternoon business session was to be followed at 8 o'clock by a public reception and an Americanization program. In the afternoon, a committee of the department, the Legion and the Women's auxiliary will take up the matter tomorrow morning, the latter meeting adjourning at noon so the women may be taken on a sight-seeing tour. This will end with a tea party at the Edgeworth club in Seewickley.

The Legionnaires will have some work to do in passing on committee recommendations during the early afternoon but they too expect to get away from the city for a night-seeing trip through the metropolitan district of Pittsburgh. All will return in time for the reception and bill in the evening.

Among the most important matters of the gathering will be the parade Saturday afternoon. The procession will be under command of Colonel David J. Davis, department commander, who will have as his escort a party of Grand Army veterans.

The importance of the Pennsylvania convention is indicated by Legion headquarters, who say that many of the policies adopted in Pittsburgh will be reflected at the national convention in Kansas City.

**Salvation Army  
Seeks Jobs For  
Heads of Families**

In connection with the local relief plans of the Salvation Army efforts are being made to get the heads of families who are unemployed. The cases where help is being given the bread-winners have been out of employment for some months. Old jobs have been found at intervals which have helped the family.

Adjutant John Campbell has been busy this week seeking men who might be able to give work to deserving workers and has been successful in getting three men employment who have families. Owing to the amount of road work going on in and around Connellsville the unemployment problem has not been felt so keenly as at other places. In some cities the Salvation Army and other relief agencies are kept busy from 9 to 11 in the morning distributing groceries, the rest of the day being given over to visiting and investigating. With the shutting down of the road work around the district, Connellsville will feel the "out of work" situation more acutely.

The Salvation Army with other relief agencies will do all in its power to help out the situation and whatever way will be advisable and for the best interests of the community.

With 40 women and about 20 men from Connellsville in attendance as backers of the law enforcement organization recently formed here, the liquor trials involving Connellsville dealers were opened this morning in court in Uniontown before Judge E. H. Reppert.

The first on trial was Henry Knight, charged with the sale of a half pint of gin. Knight's name appeared in the information as "Harry" and the question was raised as to whether the defendant and Harry Knight were the same. Judge Reppert ruled they were.

Assistant District Attorney Davis W. Henderson is conducting the case for the commonwealth. Rev. J. L. Troughton sat at the commonwealth table.

INSERT FIRST OF POI—  
William B. McClellan, one of the agents hired to ferret out the bootleggers in Connellsville, was the first witness called. He said his home was in Alliance, O., but that he had formerly resided at Hanover. He told of purchasing gin once and whisky twice from Henry Knight.

One-half pint of gin, he said, was purchased on June 17 for \$2.50. On June 21, he said, he went to Knight's home and there secured a drink of whisky for 50 cents. He was accompanied by the other agent, Grapt, at that time.

On June 22, he testified, he met Knight on the street and went to the negro's house where he bought a half pint of whisky for \$3. This time, he declared, he went upstairs with Knight where the latter secured the liquor from the room in which he had two dozen half pints.

The witness admitted he had been arrested on previous occasions. He said he at one time had been a "federal prohibition agent," but when they were dismissed in May, lost his job. His arrests, he said, were mostly to discredit him.

John W. Darby, alderman in the fifth ward, Uniontown, was acquitted by a jury yesterday afternoon on charges of extortion but directed to pay one-half the costs; the other half being placed on

Some Steel Prices  
Advance, Others  
Have Been Reduced

Believed General Decline Is Halted;  
Production One-Fifth Capacity  
Against One-Fifth In July.

Special to The Weekly Courier.  
NEW YORK, Sept. 21.—The Ameri-  
can Metal Market and Daily Iron &  
Steel Report will review the steel and  
iron trade tomorrow as follows:

Following the advance in prices of  
wire products at the beginning of last  
week sheets seem to be in process of  
advancing. Nearly all the independ-  
ent sheet mills announced advances  
last week, and this has brought a good  
bit of covering at the old prices, so  
that mills are operating at better rates  
than for a long time. The United  
States Steel Corporation's sheet mills  
are scheduled at a 70 per cent opera-  
tion this week. While sheet mills  
have been formerly reduced by lists  
dated September 18, in most of the  
pipe mill products the reductions go  
beyond the extreme cut prices lately  
made and the chances are good for a  
stable market being established.

With some products advanced and  
some reduced, bars, shapes and plates  
lie in a third class, as they have not  
visibly changed in price. They are  
rather irregular, with extreme prices  
sometimes based on orders that do  
not look desirable, while a month ago  
it was only a very desirable order that  
drew a close price. Hoops are stiffer.  
Obviously the continuous and clear  
cut decline in steel prices generally is  
over. A generally advancing tendency  
in prices is probable, but some ad-  
vances may be maintained.

Steel production is now at about  
one-third of capacity, against not over  
one-fifth at the middle of July. A  
really satisfactory operation is not  
expected before next spring. Steel  
demand has been below a normal re-  
lation to the volume of general busi-  
ness for several months, and is en-  
titled to some further recovery with-  
out the aid of any improvement in  
general business.

Pig iron is quiet after the recent  
buying, but another movement is due  
soon. Pig iron prices tend to stiffen.

### TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach,  
Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms  
of stomach trouble, say medical au-  
thorities, are due nine times out of ten  
to an excess of hydrochloric acid in the  
stomach. Chronic acid stomach is  
exceedingly dangerous and sufferers  
should do either one of two things:  
Either they can go on a limited and  
often disagreeable diet, including foods  
that disagree with them, but irritate  
the stomach and lead to excess acid  
secretion or they can eat as they please  
in season and make it a practice to  
counteract the effect of the harmful  
acid and prevent the formation of gas,  
sourness or premature fermentation by  
the use of a little Disrupted Magnesia  
at their meals.  
There is probably no better, safer or  
more reliable stomach antacid than  
Disrupted Magnesia and it is widely  
used for this purpose. It has no direct  
action on the stomach and is not a di-  
gestant, but a teaspoonful of the  
powder or a couple of five grain tablets  
taken in a little water with the food  
will neutralize the excess acidity which  
may be present and prevent its further  
consequence. This removes the whole  
cause of the trouble and the meal dis-  
eases naturally and healthfully with-  
out need of painful pills or artificial di-  
gestants.  
Get a few ounces of Disrupted Mag-  
nesia from any reliable druggist. Ask  
for either powder or tablets. It never  
comes as a liquid, stick or other form  
in the Disrupted form is not a laxative.  
Try this plan and eat what you want  
at your next meal and see if this isn't  
the best advice you ever had on "what  
to eat."—Advertisement.

### BABY BORN ON PEACE DAY

After Mother Had Been Re-  
stored to Health by Lydia  
E. Pinkham's Vegetable  
Compound

Salisbury, Mass.—"For seven years  
I had a female trouble and such bearing-  
down pains I could hardly do my house-  
work. The doctor said, 'If you can  
have another baby you might as well  
forget it.' I began using Lydia E. Pink-  
ham's Vegetable Compound and my  
baby was born on 'Peace Day.' If  
women would only take your Vegetable  
Compound they would have better  
health. I always recommend your Vege-  
table Compound to the neighbors."  
Mrs. TRACY PATTEN, 2 Lincoln Ave.,  
Salisbury, Massachusetts.  
The experience of maternity should  
not be approached without careful phys-  
ical preparation, as it is impossible for  
a woman to bring forth healthy children  
into the world.  
Therefore if a woman is suffering  
from a displacement, backache, inflam-  
mation, indigestion, bearing-down pains,  
headaches, nervousness or "the blues,"  
she should profit by Mrs. Patten's ex-  
perience, take Lydia E. Pinkham's  
Vegetable Compound and be restored  
to health.

From France

### FUNERAL TO BE SUNDAY

Service Has Been Arranged For 2  
O'clock at the Methodist Church  
With Members of Legion in Charge;  
High School at Greensburg Saturday

SCOTSDALE, Sept. 22.—The body of Harry Reginald Humphries arrived in Scottdale yesterday morning and was taken to the Murphy undertaking rooms. Funeral services will be held Sunday afternoon at 2:30 o'clock at the Methodist Episcopal church. The Legion will be in charge. Interment will follow in the Scottdale cemetery.

Benefit Card Party.  
Mrs. George Spurn, gave a card party at her home here yesterday for the benefit of the Council of Jewish Women. Six tables of five hundred were in play. Prizes were won by Mrs. Ben Miller and Mrs. Max Miller. Mrs. Estelle Miller Shallow played several very pretty solos. Out of town guests were present from Mount Pleasant and Greensburg.

At Greensburg Saturday.  
Scottdale High football team is off set for the first game away from home on Saturday with Greensburg High at Greensburg. With good weather, the local boys have a special car of rosters. Last year Greensburg defeated Scottdale and there is great rivalry between the teams. The local team is playing better ball this year than last and fans here hope for Saturday's game.

Women on Election Board.  
Two women sat on the election boards in Scottdale Tuesday. Mrs. Minnie Warnock in the Second ward, and Mrs. Estelle Miller in the Fourth. Misses Anna and Grace Humphries of Washington, D. C. are here to attend the funeral of their brother, Reginald Humphries.

## Sweetens the Stomach Stops Indigestion

Gives Quick, Almost Instant Relief  
From Any Sort of Stomach Trouble

Read what Boyd Wile of Nowell, W. Va., has to say about Dr. Orth's great stomach prescription:  
"Gentlemen: I suffered with acidity of the stomach for eight months, trying a dozen different kinds of medicine, with no results. I read of Doctor Orth's Stomach Remedy in the paper, bought one box, and after taking it, found I was able to eat anything. An feeling I had had no stomach trouble, since, and am pleased to recommend it to any one having stomach trouble."

Any person suffering from any sort of stomach trouble, acute or chronic, who does not say that Dr. Orth's Stomach Remedy is better than anything they ever took for stomach distress, misery, indigestion or dyspepsia, or for any reason whatever is not satisfied with the treatment, can have their money refunded.

Quick, almost instant relief and permanent cure is what the user of Dr. Orth's Stomach Remedy is entitled to. Forgetting they get 75 cents' worth of big box at any first-class drug store, with the distinct understanding that if it fails, they can have their money refunded. Out of town sufferers can order by mail from the Orth Laboratories Co., East Liverpool, O.—Advertisement.

## At the Theatres

### THE SOISSON.

"THE RAIDERS," a story of the Royal Northwest Mounted Police, with Franklin Farnum in the leading role, is the feature attraction today. "The Raiders" is a photoplay with a story that has no problems to perplex the minds of children or marital misunderstandings to ruin the grown-ups of the sadness of life. The story is a romance of the great Canadian northwest which leads the spectator into a world apart from his daily life and as it unfolds he is given delightful forgetfulness. It has no lesson to teach. Its mission is to entertain. The story which it tells has several moving tales. Starting off without a moment's delay, the action begins unfolding and becomes a veritable loop-the-loop of surprise, suspense and satisfaction. Franklin Farnum is supported by a very competent company of players headed by the beautiful young American actress, Clara Windsor, while the old favorite Vester Pegg lives up to his screen reputation as a great actor and artist.

Tomorrow and Saturday Clara Kimbrell Young, supported by Herbert Rawlinson and Nigel Barrie will be seen in "Charge It."

### THE PARAMOUNT.

"SHORT SKIRTS," the leading picture today, presents a picture of Gladys Walton in the stellar role. "Short Skirts" is a picture told for the sake of a moral; but it is a subtle way it points to the tendency of the modern youngster to make the transition from childhood to maturity with a single bound. This, the story points out, is due to the examples set young people by their elders and to the lack of restraint in the average American home. In order to get his audience for the story, the producer has opened his picture with a prologue which shows the evolution of the modern "flapper" and the influence of the grandmothers on the girls of today. In the prologue is produced "Walsh's" masterpiece, "Mother." Florence Lee, a stately old lady and an actress of skill and charm, was selected by Director Harry E. Harris to fill the figure in the famous painting, "The Secret of the Hills," will be shown.

### THE ORPHEUM.

"HANDS OFF," with Tom Mix, the famous western star, in one of the best roles of his screen career, opened a three-day attraction today at this theatre. Needless to say, being a Mix picture, it is replete with action.

Probably one of the biggest things Mix has done, it took more than two months to film the thrilling incidents so vividly narrated in the written story. Among the big scenes is a stampede of a herd of wild horses, staged with real western realism. In the path of this rushing herd is a four-year-old youngster, snatched up just in time by the intrepid Mix and lifted to safety on his saddle horn. This is said to be a moment of suspense rarely found or dared in shadowland drama. Throughout the picture Mix will have ample opportunity to prove again his prowess with larial and tricky "mix" and a distinct role interpreted by Mix's favorite horse, who is seen in a series of unusual close-ups. Mix will be seen as a cowboy and a Texas ranger. His leading woman is Pauline Curley.

**Slight Gain in  
Number of Cars  
Hauling Freight**  
Cars loaded with revenue freight during the week ended September 3 increased 30% compared with figures of the week previous, according to the report of the American Railway association, the total being 820,601 cars. This is the largest week's loading since December 11, 1920, and represents the fourth consecutive week in which an increase is shown, compared with the corresponding week of 1920, however, the loss is 131,822 cars.

**Gas Masks to  
Protect Against  
Dust Proposed**  
WASHINGTON, Sept. 21.—Gas masks of modified design may be introduced in certain industries as a result of investigations to be undertaken at the Pittsburg mine experiment station, the Bureau of Mines announced.

"An investigation of the various types of respirators used by workers in numerous industries in preventing the inhalation of tuberculous dusts is to be undertaken at the Pittsburg experiment station," the announcement said. "Stone dusts and metal dusts breathed by miners, stone cutters and metal polishers have been the cause of much pulmonary disease, incapacitating many workers and at times resulting in early death. Respirators are often serviceable, in the proposed use of respirators, face particles such as compose tobacco smoke and fine mineral dusts suspended in air will be filtered with the different materials. The relative effectiveness of the filters will be noted as well as their resistance to passage of air and tendency to clog."

**Thirty Running Sores**  
Remember, I stand back of every box. Every druggist guarantees to refund the purchase price (60 cents) if Peterson's Ointment doesn't do all I claim. I guarantee it for eczema, all sores, running sores, salt rheum, stumps, sore nipples, broken breasts, itching skin, skin diseases, blind, bleeding and itching piles as well as for chafing, burns, scalds, cuts, bruises and a thousand other ailments. I had 30 running sores on my leg for 11 years, was in three different hospitals, amputation was advised. Skin grafting was tried. I was cured by using Peterson's Ointment.—Mrs. J. E. ### COCKER INDEPENDENTS TO PLAY HOMESTEAD GRAYS HERE NEXT WEDNESDAY

Game Between Two First  
Class Teams Will Climax  
Local Season.

#### FOOTBALL ON SATURDAY

Often in the waning days of the baseball season here, when the Connellsville Independents seemed to find themselves and were playing an errorless brand of ball fans expressed the desire to see the team go into action against some outfit of reputed strength as a final test of the mettle of the locals. It seemed that this wish could not be gratified, and it was a disappointing realization that there were few persons who wanted to see the season end.

The management of the team however has arranged one last and final game and no harder opponent could have been selected than the one to be played—the Homestead Grays.

The game will be called at the field on Wednesday, September 28. The Cokers are ready right now to go into the game and there will be the biggest gathering of fans since the day the Pittsburgh Pirates appeared here for an exhibition contest.

The locals played the Grays on Memorial Day and lost two games but since then the team has advanced with such wonderful strides especially in the last two weeks of the playing season that a different tale should be told next week.

The management of the team will remove the high and side line posts put in by the local club managers and after the game they will be replaced.

It is an unusual thing to stage a game the caliber of the Coker-Homestead Gray clash at any small city so late in the season especially after the last game had been "officially" played. It is simply an endeavor on the part of the local management to please the fans who desired to see the strong team which closed the year for Connellsville in a defeat against a worthy opponent.

Pittsburgh lost another game yesterday while New York was defeating the Chicago Cubs. The lead of the league leaders is now four games.

There is only one thing bringing the tennis season to a close in Connellsville and that is shorter evenings. The "bugs" will play in chilly weather as long as the ground remains soft and the skies light.

Baseball's already being discussed. At the support of the church league ball players at the Y. M. C. A. tomorrow night an endeavor will be made to launch such a project by the secretary, W. F. Underwood.

The Pittsburgh Pirates were to have played Brooklyn's double header yesterday but rain in the seventh stopped the first game. It also cut off any opportunity the Bucs may have had to come back and win the game.

There is still a forlorn hope that Pittsburgh might do the miracle stunt and win the pennant but it is almost too forlorn to think about.

The New York Yankees and Cleveland Indians are tied for first place in the American league. The fight in that circuit is even more bitter than in the National league.

#### HIGH SCHOOL PREPARING FOR WEST NEWTON TEAM

Connellsville High will have an old rival in sports of any kind as its football opponent Saturday afternoon. The West Newton outfit, always a foe of fight and never ready to quit until the last whistle, is scheduled to play the game which will be called at 3 o'clock. The team has been working out regularly this week despite the disagreeable weather and is rapidly becoming conditioned. The squad looked rather ragged Monday night but is again rounding into shape.

Considering West Newton as comparatively new, it will be the first game of the kind on the year's schedule. Come after the game with strong opponents and only by pulling absolutely together will Connellsville High make a showing.

#### FORWARD TO HARD WORK

The Toronto football team is still down to hard work under the direction of Coach Casey Jones. The team is developing rapidly and will be a surprise to many who have been skeptical of the full season life of the outfit.

The first game will be played on Saturday, October 1 when the team goes to Mount Pleasant to meet the Compuers.

Reading the advertising columns and you will find them.

Cleveland at Boston

#### Two Score on Bunt.

A two-base bunt, 15 feet from the plate, that tallied base runners from first and second was a feature of a recent New York St. Louis National's series at St. Louis.

Cardinals were on first and second when Shortstop Lavan bunted along the first base line. Catcher Gaston stopped the ball on the chalk mark. Empire Gulgley ruled it was fair, but Gaston argued that the hit was foul.

While this farce was being staged home plate was left unguarded and the two runners scored, the batter reaching second.

#### Baseball Notes

The way to keep Ruth from hitting home runs is to pitch to the first baseman.

Last spring John Evers said the owners of the Cubs were the salt of the earth.

Manager Duffy of the Red Sox has signed Henry Fling, a young pitcher of Cambridge Mass.

Judge Landis is one of those old-fashioned gentlemen who believe a contract is a contract.

Any ball player will tell you especially after a third strike, that the game is full of private amputees.

Bill Donovan, manager of the Philadelphia Nationals, will get his salary until his contract runs out.

Red Thomas, center fielder for the Brooklyn Western Association club has been sold to the Chicago Cubs.

Goldie Knapp is the hard luck charm for the Phillies and is expected to end for appendicitis—all in one season.

Some 300 hitters, idols of the game for many years, have never learned how to do a four in hand. The crude barbarians.

President Griffith announced the purchase of Pitcher Tamm from the Seattle club of the Pacific Coast league. Finney is a southpaw.

Herb Murphy, manager of the Danville Piedmont league baseball team since the opening of the season this year has been sold to High Point.

Athletic officials of West Virginia university are considering the advisability of establishing the freshman rule for athletic competition.

Elmer Miller is doing well for the Yankees both in hitting and fielding. If that's his regular speed the team is the worse off for not having landed him sooner.

The St. Louis cardinals have signed a third baseman named Gubner who has been playing great ball with the Pittsburgh Collegians the crack independent team of Western Pennsylvania.

Ty Cobb is in no danger of being forced out of baseball for several years, although he has a small cancer on one eye. When informed of reports that he might not be able to finish the season, Cobb said his sight is unimpaired.

#### Copying Schalk's Style.

George Leas second string catcher for the White Sox has made so close a study of Ray Schalk's style behind the bat that he looks like him.

He has even copied Schalk's mannerisms. Debus has his hands on his hips like Schalk. He loops his arms like Schalk. He lunges in the air after high ones like Schalk. He even kicks the dirt occasionally like Schalk.

He picked out one of the greatest catches of the game for a model.

#### COAST SLUGGERS ARE EASY FOR JIM SCOTT

Stops Rampages of Jack Knight, Wilhoit and Lewis.

Former White Sox Ace in Pitching American League Ball for Pirates. Seals—Said field With Present Position.

Every pitcher in the Pacific Coast league is ed to stop his batting rampages of Jack Knight, the Oaklander and for Wilhoit and Duff Lewis of the Salt Lake Bees.

Only one ace did. He was Death Valley Jim Scott of the Fresno Stars. Formerly White Sox ace.

Scott had hit early in twenty three games he had faced Scott.

Jim Scott

The Sox star put him out to the bench four times without making a foul ball.

With his record with one or more hits in twenty five consecutive games Scott is a real batting day.

First but not last, very four hits in thirty six at-bats in his last game. Duffy had better many times against Scott in the American league in the old days. He didn't even come close to getting a single in four times up.

Scott took the White Sox in mid season in 1917. It was then that the world series from the Giants to the Yankees. The pitching camp. It was complete loss of a game.

After the war he joined the Boston Braves. He has pitched American league ball in the minors ever since.

Scott is different from most. He has a unique way of throwing the ball. He is a right hander but he throws the ball with a left hand.

The majority of the men drift back to minor league baseball because they have slipped.

But Scott's arm is apparently as good as ever. He is the Duke of the minors. It hasn't burned up his pitching arm yet.

Last year two major league clubs tried to lure him.

Scott isn't in the mood. He can't see the last with a special.

According to William Muldoon, chairman of the New York state athletic commission, there will be no more championship matches a year in New York state at least we hope.

## IN CREPE DRESSES

Simple Designs Idea for Girlish Frocks for Fall Wear.

Circular Skirt Comes Bobbing its Way into the Realm of Favored Fashion.

Dresses of Jacquard crepe made in very simple designs are quite an idea for girlish frocks for fall. The silk has about it more body than the ordinary quality of silk and by reason of its pattern and the two types of its coloring it is especially adapted to dresses for daytime wear. One of these youthful frocks was made of a Jacquard fabric that combined two tones of blue, and a hint of gold was hidden away in its weaving. The collar and cuffs were of the "Brimley Mouse" variety and they were made of cream needlework with a narrow green lace edging. The dress itself was of the one-piece fashion with a narrow belt to hold it in place and long sleeves to make it more appropriate for fall and winter wear.

The circular skirt comes bobbing its way into the realm of fashion with a peculiar persistence. It will not be downed no matter whether the American women keep on repeating that it is not consistent with their social graces and graces. Then this season it promises to have a certain vogue. Many of the newer models are showing not only the circular skirt, but trimmings that accentuate the round and round tendency of the skirt lines. One of the newer models is of blue serge, that old and stand-by fabric. Its trimming is row after row

Blue-Crepe Dress, Silver Trimming.

of the same fabric applied so that there is the smallest appreciable space between each separate row. Then the sleeves, which are bell shape, have the same design of ribbon applied to them. The waistlines are of the basque type, long and slightly fitted.

## FASHIONS IN BRIEF

Puffed sleeves are quaint for girlish afternoon dresses. Evening slippers, as well as afternoon pumps and street shoes, low heels appear.

Some new white kid gloves have knuckles trimmed with tails of moose fur and jet beads. Gowns and chemises are frequently untrimmed at the side seams, showing instead a lace edging and ribbed bows. Broadtail, including the coupe variety, Persian lamb and black catwalk will be among the featured furs.

The suit craze for the moment is for the gray tailored suit with the combination jacket, snug fitting sleeves and small collar.

In novelty jewelry, circle necklaces and tassels suspended on a cord being among the favorite forms. The topeque on tailored lines, to be worn for the same purpose as the man's topeque, i. e., over suits as well as frocks, is growing in popularity.

Faded owl heads are particularly in favor for use on white hats—usually those designed in brocade and silk or silk. The heads are perched high on the front of the crown.

When Linen is Soiled.

If linen is so badly soiled that the stain will not disappear by the application of lemon juice and salt and exposure to sunlight, try the following mixture: A cupful of vinegar, half an ounce of soap, two ounces of fuller's earth and the juice of one lemon. Well wash, spread the solution over the soiled spot and let it dry. Wash the linen and the stain will disappear.

Grease on Floor. To prevent fat grease from sinking into the floor, mop cold water on it with a cloth to harden it. Scrape off what is on the surface with a dull knife. Remove the film with a wet cloth sprinkled with salicylic acid.
